

Dance Studies, B.A.

Shape your future at Humboldt. We are a small, hands-on program dedicated to serving our students. We offer a variety of academic courses and dance styles to study, with multiple opportunities to perform, collaborate, and choreograph. Our students receive a thorough education in the practice, history, theory, and language of dance as an art form, including projects that challenge students to explore topics such as social justice, equality, and diverse cultures. Our curriculum prepares students for viable careers in dance, dance-related arts and graduate studies. The natural beauty of the area creates an inspiring backdrop for our students.

Experience Your Learning

Our department offers a wide variety of ways to learn by doing. Experience and practice in a broad range of technical, performance, and creative skills develop your capacity to form and transform thought into expressive composition and performance.

The North Coast provides a unique learning lab for students, inspiring creativity that can't be found elsewhere.

You can participate in annual dance conferences, learn from professional dance companies, and dance in performances.

There are a number of dance clubs on campus, including Ballet Folklorico de Humboldt, Salsa Dance Club, Lindy Hop Club, Demolition Dance Team Club, Swing Dance Club, and more.

There are several dance studios in the area that offer a variety of dance classes for students who want to take extra classes. They also often hire Humboldt students to teach.
