

# HSI STEM Steering Committee Meeting

Oct 12, 2020

# Links to StoryMaps of PBLC components

- o [PBLC Overview StoryMap Link](#)
- o [Summer Immersion StoryMap](#)
- o [Cohorted Block Scheduling StoryMap](#)
- o [SCI 100 StoryMap](#)
- o [RAMP Peer Mentors StoryMap](#)
- o [Themed Housing StoryMap](#)

# Agenda

- This is where we were wrt PBLs
- What questions or comments do you have?
- Prompts we offered – discussion
- What questions aren't included?
- Structure to move forward, working groups?

# Summer Immersion Prompts

**Summer  
Immersion**

- What aspects of summer Immersion should be sustained, and what steps should be taken to transition Summer Immersion from the HSI STEM grant to university support?
- What can we learn from 2020's virtual Summer Immersion that may be useful for the future (e.g., a hybrid model?)
- How might we broaden our cross-cultural curriculum to better support Latinx and other BIPOC students?
- How should the Summer Immersion program articulate with and complement Freshmen Orientation?
- Is there additional information we can provide HSU administration to help them better understand the summer immersion program?

# Cohorted Blocked Scheduling Prompts

**Cohorted  
Blocked  
Courses**

- What is a reasonable expectation for content linked across courses?
- How is this sustainably monitored and assessed?
- Multiple departments are utilizing the PeopleSoft modification for block scheduling, but there is no organizational oversight.
  - How do we make sure all users follow uniform processes and timelines?
  - Who is responsible for housekeeping duties (such as creating timelines and entering shared data tables)?
  - Who is responsible for training new users?

# Science 100 Prompts

**Freshman  
Year  
Experience  
Course**

- SCI 100 is currently expected to do a lot; how can it effectively meet objectives without overloading students or faculty?
- How might we enhance its cross-cultural curriculum to better support Latinx and other BIPOC students?
- Should SCI 100 and Summer Immersion continue to be linked (in content, in staffing, in compensation)?
- Who is responsible for planning sections of Spring SCI 100, which is not associated with PBLCs?

# Working groups?

- SI & SCI 100 Institutionalization
  - Block Scheduling Implementation
  - SCI 100 curriculum
  - Sustainable assessment for continuous improvement cycle
- ?
