**Acknowledgments:**

We acknowledge Redwood Science Project (RSP) for providing generous funding and resources for this guide. We also want to thank: the role that teachers of Round Valley Elementary and Middle Schools, particularly of Nancy Scholl and Superintendent of the Round Valley School District, Joy Brown, have played in fostering development of the program; the leadership and intellectual support provided by Jeffrey White, Executive Director of RSP; Safeway Stores for allowing us to photograph their produce; and staff from the Curriculum Development Center at Humboldt State University, especially Riley Quarles and Allison O'Connell, who converted slides to digital media.

*Reviewers:*

The following people reviewed this Guide and provided valuable suggestions with content and pedagogy:

Teachers from Round Valley Unified School District

Julie Van Sickle

Jeffrey White

**About the Authors:**

*John D. DeMartini* (JD) is an Emeritus Faculty member of the Biological Sciences Department of Humboldt State University. He has taught at the high school and college levels. He has presented for over 20 years to classes in grades K-12 under the aegis of various science education outreach programs of HSU. He continues to work with teachers through the Redwood Science Project Coaching and Mentoring in Science Teaching program.

*Andreana L. Ososki* (AO) is an Adjunct Faculty member of the Biological Sciences Department of Humboldt State University and Research Co-Director of the Redwood Science Project. She has taught at the elementary school and college levels. Her graduate work focused on ethnobotany, the study of the relationship between plants and people. As an ethnobotanist she enjoys linking her research with education.

## TABLE OF CONTENTS

Introduction .....	
How to Use This Guide?.....	
California Science Standards Related to Plant Sciences .....	
Overview .....	
<b>UNIT 1: Grocery Store Botany .....</b>	
Activity 1.1 Exploring Plant Parts with Grocery Store Plants .....	
Activity 1.2 Language Arts and Grocery Store Botany .....	
Activity 1.3 Geographic Origins of Plants & Twelve Important Food Plants.....	
Activity 1.4 Wild Versus Cultivated Plants: Avocado and a Cousin, the California Laurel or Pepperwood .....	
Activity 1.5 Using the Sunflower Family (Asteraceae) for Integrating Life Science and Mathematics .....	
<b>UNIT 2: Floral Form &amp; Function .....</b>	
Activity 2.1 Flower Dissection .....	
Activity 2.2 Flower Detectives & Pollination .....	
Activity 2.3 Comparative Floral Morphology: Let's Look at Members of the Rose Family and the Sunflower Family .....	
Activity 2.4 Exploring Fruit Classification Using a Fruit Key.....	
<b>UNIT 3: Exploring Plants in One's Area .....</b>	
California Science Standards Related to Plant Sciences: Annotated .....	
Activity 3.1 Plant Walk & Observation of Spring Flowers .....	
Activity 3.2 Trees & Shrub Walk .....	
Activity 3.3 Ethnobotany .....	
Activity 3.4 Dye Plants .....	
General Annotated Supplemental References.....	
Photo Collection .....	
Appendix .....
