

DATE:LOCATION	SPEAKER	TOPIC
Thursday, Sep. 1 st WDFS 258	<u>Dr. Dave Ausband</u> Idaho Dept. of Fish and Game	Carnivore Conservation in a Complex World: from the Feds to Tribes to States
Thursday, Sep. 8 th WDFS 258	<u>Dr. Katherina Gieder</u> Dept. of Wildlife Humboldt State University	Back to the Future: Using the Past to Understand Sea-level Rise Effects on Piping Plovers
Thursday, Sep. 15 th WDFS 258	<u>Dr. Jared Wolfe</u> USDA Forest Service & Dept. of Wildlife Humboldt State University	Migration and Molt Makes for Colorful Warblers
Thursday, Sep. 22 th WDFS 258	<u>Dr. Christy McCain</u> Dept. of Ecol. and Evol. Biology University of Colorado, Boulder	The Importance of Population Dynamics, Body Size, and Activity Patterns to Climate Change Responses
Thursday, Sep. 29 th WDFS 258	<u>Grad Student Session</u>	
Thursday, Oct. 6 th WDFS 258	<u>Dr. Rick Botzler</u> Dept. of Wildlife (Emeritus) Humboldt State University	Young Citizen Scientists Monitor a Deadly Fungus Threatening Their Local Amphibian Community, Humboldt County, CA
Thursday, Oct. 13 th WDFS 258	<u>Dr. Mary Wykstra</u> Action for Cheetahs in Kenya (ACK) Project	Understanding Range-wide Cheetah Occupancy and Gene Flow in Kenya
Thursday, Oct. 20 th WDFS 258	<u>Dr. Kevin Shoemaker</u> Dept. of Natural Resources and Environmental Science University of Nevada, Reno	Population Modeling for Conservation: Case Studies with Bog Turtles, Galapagos Tortoises and Prairie Dogs
Thursday, Oct. 27 th WDFS 258	<u>Dr. Andre Buchheister</u> Dept. of Fisheries Humboldt State University	Using Ecology and Modeling to Support Ecosystem Approaches to Fisheries Management
Thursday, Nov. 3 rd WDFS 258	<u>Dr. Brian Halstead</u> U.S. Geological Survey Western Ecological Research Center (WERC)	Do Giant Gartersnakes (<i>Thamnophis gigas</i>) Depend on Rice Agriculture? Water Management and the Conservation Reliance of Giant Gartersnakes in the Sacramento Valley
Thursday, Nov. 10 th WDFS 258	<u>Dr. Susan De La Cruz</u> U.S. Geological Survey Western Ecological Research Center (WERC)	TBA
Thursday, Nov. 17 th WDFS 258	TBA	TBA
Thursday, Dec. 1 st WDFS 258	<u>Dr. William Cresko</u> Institute of Ecology and Evolution University of Oregon	Population Genomic Changes Over Ecological Timescales in Stickleback Fish
Thursday, Dec. 8 th TBA	No EcoSeries: Senior Poster Session	Senior Poster Session
