

Humboldt State Wildlife Department  
Spring 2017- ALL TALKS AT 4:00pm \*Unless Otherwise Noted\*

DATE:LOCATION	SPEAKER	TOPIC
Thursday, Jan. 19 <sup>th</sup> WDFS 258	<u>Dr. Floyd Weckerly</u> Dept. of Biology Texas State University	Stewardship of Elk in the Redwood National and State Parks
Thursday, Jan. 26 <sup>th</sup> , Feb. 2 <sup>nd</sup> WDFS 258	<u>Grad Student Sessions</u>	Grad Student Sessions
Thursday, Feb. 9 <sup>th</sup> WDFS 258	<u>Dr. Angela Baker</u> University of Louisiana, Lafayette National Park Service, HSU	The Impacts of Human Disturbance on Carnivores in Protected Areas of the American Southwest
Thursday, Feb. 16 <sup>th</sup> WDFS 258	<u>Andrew Wiegardt</u> Dept. of Wildlife Humboldt State University	Using a Landscape Experiment to Reveal Fitness Costs and Epigenetic Action Associated with Forest Degradation in Central Africa
Thursday, Feb. 23 <sup>rd</sup> WDFS 258	<u>Dr. Joe Szewczak</u> Dept. of Biology Humboldt State University	Bat conservation update, and recent work
Thursday, Mar. 2 <sup>nd</sup>	<u>No EcoSeries</u>	The Society for Northwestern Vertebrate Biology Annual Meeting in Blue Lake
Thursday, Mar. 9 <sup>th</sup> WDFS 258	<u>Pedro Martins and Luiza Figueira</u> Klamath Bird Observatory	TBA
Thursday, Mar. 16 <sup>th</sup>	<i>Spring Break</i>	<i>Spring Break</i>
Thursday, Mar. 23 <sup>rd</sup> BSS TBA	<u>Dr. Andy Royle</u> U.S. Geological Survey, Patuxent National Wildlife Research Center	Spatial Capture-Recapture: Integrating Observations and Ecological Theory (Lamberson Lecture)
Thursday, Mar. 30 <sup>th</sup> WDFS 258	<u>Dr. Bree Yednock</u> South Slough National Estuarine Research Reserve	The Value of Long-term Research Sites and Data Sets for Understanding Biological Trends in Estuaries
Thursday, Apr. 6 <sup>th</sup> WDFS 258	<u>Dr. Janet Hodder</u> Oregon Institute for Marine Biology University of Oregon	A Long Term Study of the Breeding Biology of Pelagic Cormorants on the Southern Oregon Coast
Thursday, Apr. 13 <sup>th</sup> WDFS 258	<u>Dr. William Cresko</u> Institute of Ecology and Evolution University of Oregon	Population Genomic Changes Over Ecological Timescales in Stickleback Fish
Friday, Apr. 21 <sup>st</sup> WDFS 258 *2PM*	<u>Dr. Bridget Stutchbury</u> Dept. of Biology York University	Triage for Extinction: Which Species Should We Allow to Go Extinct?
Thursday, Apr. 27 <sup>th</sup> WDFS 258	<u>Dr. Mario Pesendorfer</u> Cornell Lab of Ornithology Cornell University	Scatter-hoarding by Corvids: Seed Dispersal Ecosystem Services and their Ecological Context
Thursday, May 4 <sup>th</sup>	TBA	TBA
